REPORT OF THE FIRE DEPARTMENT

I wish to thank the Firemen and the citizens for the cooperation we have had this past year in controlling fires in Epping.

The following are the alarms that the department answered:

13 structural fires
7 grass fires
7 forest fires
6 automobile fires
6 dump fires
2 mutual aid calls
2 lost persons

I would like to remind all home owners that they are required by the Board of Fire Control of the State of New Hampshire to procure a permit from the Fire Chief for installing furnaces in their homes.

This year the Fire Department is asking for a sum of money to purchase a base radio unit for the Fire Station. The present base unit is a mobile unit set up as such. We would like to put this mobile unit into the tank truck that is now without a radio. A new base radio will give us a great deal more transmitting power, which is needed to make contact with our trucks. The radios which we now have were purchased by the Firemen without any extra cost to the taxpayers.

Again I wish to thank everyone for his cooperation.

WALTER L. MOULTON, SR.,
Chief
Epping Fire Department

EPPING FIRE BELLES

A recent addition to the Fire Department is the newly-formed Ladies' Auxiliary known as the Epping Fire Belles.

The purpose of the organization is to cooperate with and to assist the Fire Department. Any relative (wife,

daughter or mother) of a member of the Fire Department is eligible to join by attending the meetings the first Thursday of each month.

To date we have served lunches to the Firemen during three large fires, made and put up new curtains in the basement of the Fire Station, and assisted the men with the Firemen's Ball.

The officers are as follows: President, Sylvia Moulton; Vice president, Marion Desjardin; Secretary, Frances Galley; Treasurer, Audrey Castle.

I wish to thank all who have assisted us in any way during our first year and I hope in the future we will be able to serve the Fire Department to a greater capacity.

SYLVIA MOULTON,
President
Epping Fire Belles

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy -- both industrial and recreational -- is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area -- 4,350,000 acres -- is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued coop-

eration we are confident that we can improve our fire record in 1965.

This will have to be a "thank-you" report; because since the Harvey-Mitchell Memorial Library was dedicated on April 12, 1964, we have so many people to be thankful to.

The librarian and library trustees wish to thank, first of all, Mr. Dudley Harvey and Doctor Abram Mitchell for making it possible for us to have the lovely building and land.

Secondly, we are very thankful to the trustees of the library building fund and grateful for the many hours of time given to planning of the library building. A debt of gratitude is given to Mrs. Richard Sanborn, Mr. Elton Allen and Mr. Richard Brewitt and to the many others who have served before them.

We are also thankful to all of the people and to all of the organizations of Epping who gave many gifts of money so that we were able to furnish the new building. The Friends of the Library took this on as their project for the year and did themselves proudly.

A thank-you must go to the Epping Garden Club for their flower arrangements throughout the year to help make the library attractive on important occasions and in between times. These members are also planning to landscape the grounds of the library, which will add greatly to the beauty of our new building.

Thanks go to the Boy Scout troop of Epping for helping to move all of the books from the old library to the new -- what would we have done without them? Andrew Morel has worked hard on moving some of the shelves from the old library so that we can use them in the basement. Thank you, Andy.

We are truly grateful to the many people who gave so generously of books, time and money. And to you, the people of Epping, deserve a thank-you for approving of the big increase in the library budget. Without funds, it would be impossible to operate -- no heat, no lights, no janitor service, and no new books.

The Harvey-Mitchell Memorial Library was dedicated on April 12, 1964 with many dignitaries present. It was a big event for Epping because it was the only new library built in New Hampshire for that year. As far as I know it was the only one built in New England and, who knows, maybe the only one in the country!

We have had a busy year here in the library. Food sales were held on election days, run by the Friends of the Library. The school children came in by grades to look the new library over. The high school English classes came in to learn how to use the card catalog. In the fall the fourth grade (Mrs. Tower) came to visit and to register in order to borrow books.

A story hour program has been held weekly for the pre-school children. Mrs. Anne McReel has been quite successful with this project and I am sure the little folks have enjoyed this.

The P.T.A. held their April meeting in the library which was well attended. Mrs. Priscilla Estey, Mrs. Agnes Woods and Mrs. Richard Winsor took part in this and presented a very interesting program for the members.

The library trustees held an art contest in the grammar school and their work was on display here in the library. Awards were presented to the top three winners in the grades participating.

Our annual tea for the teachers was held in the fall. I was very pleased to meet the many who came and enjoyed the social hour with them.

The Epping Woman's Friendship League have held many meetings here in the library at the invitation of the library trustees. It is our hope that each and every organization will be our guests at various times.

A reception for Governor King was held in the library on June first. The Friends of the Library and the Catholic Daughters of Epping served refreshments.

The Epping Woman's Club have given a number of books in memory of past members. Twice a year the Catholic Daughters have given us gifts of new books to be en-

joyed and read by all. Many private citizens have given us books also from their own collections. The Epping Garden Club each year has given us a subscription to a horticultural magazine. And the Epping P.T.A. has given us the P.T.A. magazine. Many folks, too, have given us their magazines as soon as they have finished reading them. These have been a big help towards reference work badly needed by the students of the schools.

Besides trying to keep up with current fiction and non-fiction books, we have started to purchase new reference books for the students; mainly on government, literature and social studies. Our biggest purchase was for a set of Encyclopedia Americana -- mostly used by the high school students. Many more are needed, and in time we will have other fields provided for.

We have had to purchase three fire extinguishers and have helped to pay for the hot-topping out back. We have had a telephone installed, 679-5944.

I personally wish to thank my board of trustees for their interest in the library work. They are all members of the N. H. Library Trustees Association. Mr. Harry Freeman, Jr. is the janitor and I do want him to know of our appreciation for all that he has done towards making the library a pleasant place in which to work. Miss Regina Kimball, the library assistant, is doing a splendid job and is fun to work with. And I do appreciate all others who have helped me here in the library.

The new library and all of its activities, besides loaning books, has made this past year a busy one and enjoyable for me. I still enjoy the work and am both pleased and proud to serve you. May this year of 1965 be even busier and more prosperous in our New Harvey-Mitchell Memorial Library.

Respectfully submitted,
MRS. IRENE M. HUTCHINSON,
Librarian

REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is with pleasure that I submit this, my third annual report to you.

First, I want to congratulate you for approving the construction of the new junior high school last year. This building will be completed by next September and will house all of the seventh and eighth grade students. By replacing the seventh and eighth grades at Central School with the two grades now located at the West Epping School, it is possible to eliminate further operation of the two-room school house at West Epping. In addition, the high school pupils will also use the new facility for shop, home economics, and drafting. The new kitchen and cafeteria will make it possible once again to serve hot lunches. In all probability the lunches for grades 1-6 will be transported to Central School for serving instead of requiring the elementary children to walk to the new school.

Now that our first eight grades are adequately housed, our attention should once again be focused on a possible cooperative high school. With this in mind, I am certain many of you will be pleased to learn that on September 15, 1964, planning committees from Epping, Raymond, and Deerfield met at Watson Academy and officially formed a Cooperative School Planning Board. Since that time, Candia has also joined this group, thus making it an official four town cooperative study. Beginning in January, 1965, meetings will be held the last Wednesday of each month and will be rotated among the participating towns. At the completion of this overall study a written report with recommendations will be presented to each community. In the meantime, progress reports will be issued following each monthly meeting to keep you informed. The committee will continue to welcome suggestions and they also wish to announce that these meetings are open to the public. Serving for Epping are Mr. Robert Kimball, Mr. Elton Allen, and Mr. Paul Evans.

It may no longer be important; however, some people have wondered why the Epping Committee did not join the Sanborn Planning Board, especially before meeting with Raymond and Deerfield on September 15, 1964. The an-

swer to this question is very simple -- their written applications (two to be exact) were never accepted by the Sanborn group. No specific reasons for this refusal were ever given to the Epping Committee; however, I personally feel that Epping's lack of attachment in the past to Sanborn Seminary had much to do with it. The fact that the Epping and Raymond School boards had held several joint meetings to discuss possible coop arrangements could have also influenced their thinking.

In closing, I once again wish to commend you and your truly dedicated school board for providing the funds that have been requested in the past and hope that this willingness to support good education will continue.

I want also to thank your administrators, teachers and all school personnel for their continued co-operation in helping to make the difficult job of being a superintendent in seven towns, a more enjoyable one.

FRANCIS C. WILSON,
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent, School Board, and Citizens of Epping:

The burden of my message this year concerns the physical set-up of the health unit in the Epping Schools. As population increases, and the attending changes in school housing are being made, very little, if any, thought is going into the provision of space for health needs.

It is conceivable that in the not-too-distant future our elementary school will be staffed with a full-time nurse, besides other personnel on a part-time basis. These may include speech teacher, oral hygienist, doctor, psychologist or guidance director, and others.

Even now, a health suite is a primary need and should include the following:

1. An examining room to be used by the school physician; the oral hygienist for dental screening; the school nurse for individual screening of children; the guidance director for testing when needed; and for such activities as vision screening, measuring heights and weights, etc. It is recommended that this room be soundproofed, and have running water, mirrors, table and chairs, and a cabinet for supplies. The room should be located where natural light is available and a folding door should be provided to close off this space when necessary.

2. First aid and emergency care room.

3. Conference Room. This space can be used for individual or group conferences, large enough to accommodate four to eight people. It is recommended that two desks be provided and a folding door in case it is desired to make two separate conference rooms.

4. Other facilities needed in the multi-purpose room are:
   a. toilet and lavatory
   b. files
   c. telephone
   d. cabinets for supplies

Those who have the responsibility of designing or planning school buildings may consult standard sources in order to allow the physical environment of the school to make its finest contribution to the health of the school child.

Many thanks for your continued co-operation.

Respectfully submitted,
CONSTANCE J. HUSS, R. N.
